June 22, 2021

Dear CFA Families,

Because the coming year involves some changes for our school, I am writing to try to make sure you understand as much as I can possible communicate with certainty.

Next year our 9th through 12th graders will have classes at Tri-City. The church has graciously invited CFA to use their facilities. After much prayer and consideration, the board has decided to place the high school there for classes. This move will allow us to open our classes to additional students so we do not immediately have to turn people away. Spiritual Emphasis and chapels will still be together at New Life.

All the day-to-day details will be discussed at the Orientation on August 30th. Be sure you bring a list of all your questions. You will also be able to meet your child's teacher(s) that night. The list of materials your student needs will be posted to the website soon. Be sure you check that list so you can catch the "beginning of school" sales.

We do not wear uniforms at CFA, but we do ask our students to be dressed neatly and modestly. We allow jeans but not with holes in them. If girls wear leggings we ask that the tops or dresses over the leggings come close to the knees. Shorts should also come within an inch of the knees. And finally, shirts and hoodies for 5th-12th grade students should have no pictures or statements. Logos or trademarks are fine. We had problems with inappropriate sayings and pictures last year. Shirts for high school boys should have collars.

Please be in prayer about the next school year. There are many arrangements that have to be made. But we know that God is working and are excited about what He has planned for us.

Praying for you,

Mrs. Gruver
